#### NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS

(Unaudited – Prepared by Management) (Expressed in Canadian Dollars) Three Months Ended March 31, 2017 and 2016

#### 1. NATURE AND CONTINUANCE OF OPERATIONS

Balmoral Resources Ltd. (the "Company" or "Balmoral") is incorporated under the laws of British Columbia, Canada, and is primarily engaged in the acquisition and exploration of mineral properties. The address of its head office is 1750 – 700 West Pender Street, Vancouver, British Columbia, Canada V6C 1G8. The Company is a publicly-traded company listed on the Toronto Stock Exchange ("TSX") under the symbol "BAR", on the OTCQX market in the United States under the symbol "BALMF" and on the Frankfurt Stock Exchange under the symbol "BOR".

Balmoral is an exploration stage company focused on the acquisition and exploration of gold and other precious and base metal properties in Canada. The principal focus of the Company's exploration activities is the properties comprising its Detour Trend Project in Quebec. The Project encompasses over 700 square kilometres of mineral claims located along and adjacent to the Sunday Lake (Detour) Deformation Zone.

The Company has not yet determined whether its properties contain mineral reserves that are economically recoverable. The continued operations of the Company and the recoverability of the amounts capitalized as exploration and evaluation assets is dependent upon the existence of economically recoverable reserves, the ability of the Company to obtain the necessary financing to complete the exploration and development of such properties and future profitable production or proceeds from the disposition of the properties.

The Company does not generate cash flows from operations to fund its activities, and therefore relies principally upon the issuance of securities for financing. Future capital requirements will depend on many factors including the Company's ability to execute its business plan. The Company intends to continue relying upon the issuance of securities to finance its future activities but there can be no assurance that such financing will be available on a timely basis under terms acceptable to the Company.

These financial statements have been prepared on the basis of accounting principles applicable to a going concern, which assumes that the Company will be able to continue in operation for the foreseeable future, and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. Although these financial statements do not include any adjustments that may result from the inability to secure future financing, such a situation would have a material adverse effect on the Company's business, results of operations and financial condition.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of presentation

These condensed interim financial statements have been prepared in accordance with *International Financial Reporting Standards* ("IFRS"), as issued by the *International Accounting Standards Board* ("IASB"), applicable to the preparation of interim financial statements, including IAS 34, *Interim Financial Reporting*. These interim financial statements do not include all information required for a complete set of IFRS statements. However selected notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements as at and for the year ended December 31, 2016.

# 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (b) Significant accounting policies

Except as set out below, the accounting policies, estimates and judgments, methods of computation and presentation applied in these condensed interim financial statements are consistent with those of the previous financial year. Accordingly, the interim financial statements should be read in conjunction with the Company's most recent annual financial statements.

The following accounting pronouncements became effective on January 1, 2017 and were adopted by the Company from that date on a prospective basis. The adoption of these pronouncements had no effect on the Company's reported results.

Disclosure Initiative (Amendments to IAS 7 Statement of Cash Flows)

The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities.

Recognition of Deferred Tax Assets for Unrealized Losses (Amendments to IAS 12 Income Taxes)

The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value.

#### (c) Approval of financial statements

The Board of Directors approved these condensed interim financial statements for issue on May 11, 2017.

#### 3. MARKETABLE SECURITIES

#### (a) GTA Resources and Mining Inc.

As at March 31, 2017, the Company held 2,601,555 (December 31, 2016 – 2,601,555) common shares of GTA with a fair value of \$130,078 (December 31, 2016 - \$156,093). The Company classifies these shares as available-for-sale. The fair value adjustment on these securities for the period ended March 31, 2017 was an unrealized loss of \$26,015, which was recorded as other comprehensive income.

#### (b) Wealth Minerals Ltd.

As at December 31, 2016 the Company held 41,777 common shares of Wealth with a fair value of \$52,221. During the period ended March 31, 2017, the Company sold these shares for an average price of \$1.23 per share for gross proceeds of \$50,558, net of commissions of \$705, and realized a gain of \$13,255. The fair value adjustments on these securities for the period ended March 31, 2017 was an unrealized loss of \$14,918 (2016 - \$32,740), which was recorded as other comprehensive income.

# (c) Wallbridge Mining Company Limited

As at March 31, 2017 and December 31, 2016 the Company held 2,381,575 common shares of Wallbridge with a fair value at March 31, 2016 of \$190,526 and at December 31, 2016 of \$130,987. The unrealized loss of \$59,540 was recorded as other comprehensive loss.

# 4. EXPLORATION AND EVALUATION ASSETS (Continued)

# (i). Properties along the Sunday Lake Deformation Zone, Quebec

#### (a) Fenelon and Martiniere, Quebec

The Company owns 100% interests in each of the Fenelon and Martiniere properties.

There are certain net smelter return ("NSR") royalties on the properties in favour of former property owners and payable on commencement of commercial production: 2% at Martiniere, and between 2% and 4% for Fenelon. Buyout provisions exist for certain portions of these royalties.

On May 24, 2016, the Company entered into a letter of intent to sell its Fenelon Mine Property, which comprised approximately 10% of its broader Fenelon Property prior to the sale, to Wallbridge. The Company retains a 1% NSR royalty on all future production from the Fenelon Mine property. The Company completed the sale of the Fenelon Mine Property in 2016.

# (b) Detour East, Quebec

The Company owns a 100% interest in the Detour East Property, except for 18 claims, which are in a 63%/37% participatory joint venture with Encana Corp. and for which the Company is the operator.

There is a NSR of 2%, which relates to the entirety of the property, payable to a former property owner, which may be repurchased at any time for \$1,000,000 for the first 50% of the NSR interest and \$2,000,000 for the remainder.

#### (c) Grasset, Quebec

The Company owns a 100% interest in the Grasset Property acquired through staking. The Grasset property is located immediately east of and adjoins the Fenelon Property (Note 4(i)(a)). There are no underlying royalties on the Grasset Property.

# (ii). Properties along the Casa Beradi Fault Zone, Quebec

#### (a) N2, Quebec

The Company owns a 100% interest in the N2 property.

There are certain NSR royalties on the properties in favour of former property owners and payable on commencement of commercial production: 1% to 5% on the N2 Property. Buyout provisions exist for certain portions of these royalties.

# (b) Hwy 810

The Company owns a 100% interest in the Hwy 810 Property, acquired by staking, which is located proximal to the producing Casa Berardi gold mine.

# 4. EXPLORATION AND EVALUATION ASSETS (Continued)

#### (iii). Ontario, Thunder Bay Mining Division

#### (a) Northshore, Ontario

As at March 31, 2017, the Company owns a 48.6% interest in the Northshore Property along with a similar interest in certain surface rights attached to the property. The Northshore Property mineral rights are underlain by a sliding-scale NSR to a third-party, which is adjusted to the contained number of ounces of gold outlined in a pre-production resource estimate.

On July 24, 2011, the Company and GTA entered into an option agreement whereby GTA was granted the exclusive right to acquire up to a 70% interest in the Northshore Property.

On July 14, 2014, GTA delivered a first option vesting notice to the Company and subsequently advised the Company that it would not be proceeding with a second option, which had been granted under the terms of the Option Agreement. Consequently a 51%/49% participatory contractual arrangement (joint venture) was formed with respect to the Northshore Property with GTA as the majority holder and project operator. As the Company does not have joint control over the operations, but retains an undivided interest to the property, the Company accounted for the disposal of its Northshore Property and the acquisition of this interest in Northshore by recognizing its share of the assets under the arrangement. At March 31, 2017, \$405,629 was the carrying value of the Northshore Property.
